

## CARGO EXCELLIUM 100 GALVANIZED TRAY SOLID WHEEL

### Use

Designed for building, renovation and heavy duties. Loading capacity 200 kg.

### Product advantages

- Excellent balance and weight distribution with 70% of the load positioned over the wheel. Its design allows an optimal use and reduces risk of injury and strains for the user.
- Bi-material handgrips for added comfort.
- This tray has a squared bottom and a trapezoid upper edge to enable the load of squared elements (parpaings, bricks...) and the displacement of liquid loads on the wheel.
- Equipped with a solid wheel.

### Technical data

#### CARGO EXCELLIUM 100 GALVANIZED TRAY SOLID WHEEL (4051 DP)
