

RUBBISH CHUTES

Use

Rubbish outlet on building sites.
For roofers and refurbishment professionals.

Rubbish chute

Code : 318101001
EAN : 315503181010 8

Hopper chute

Code : 318102001
EAN : 315503181020 7

Dust cover

Reduces dust emanation
Code : 318107301
EAN : 315503181073 3

Chute moderator

Code : 318107001
EAN : 315503181070 2

Product advantages

- Injection moulded using a top quality polypropylene copolymer to produce a light, strong and shock resistant product.
- Inner ribbing for additional strength.
- Reinforced fixing system with safety mechanism (exclusive to Haemmerlin).
- Optional: chute moderator and dust cover to reduce dust and noise.

Structure	Yellow polypropylene copolymer. Wall thickness : 5 to 7,5 mm.	Sizes	Inside diameter : 505/380 mm Outside diameter : 540 mm Total length : 1,1 m Working length : 0,85 m Total width : 620 mm.
Chains	Max. load : 1000 kg/chain. Safety fixing with trigger release.		Weight

Fixing system

Window fixing frame

For walls from 200 to 400 mm thickness. Supports up to 10 rubbish chutes. Electro-zinc-coated.
Code : 318103001
EAN : 315503181030 6

Scaffolding fixing frame

Supports up to 16 rubbish chutes below 40 m high*. Painted grey.
Code : 318104501
EAN : 315503181045 0

Platform fixing frame

Supports up to 16 rubbish chutes below 40 m high*. Painted grey.
Code : 318103501
EAN : 315503181035 1

Hand winch

with whiplie tree for scaffolding and flag fixing frame.
Code : 318104001
EAN : 315503181040 5
