Technical data

2 handrails in aluminium, equipped with handrails.

Aluminium steps solidly fixed to the stiles by **crimping**.

Large tool tray with ergonomic rounded shape for a comfortable position of the legs.

Non-slip platform made of zinc-plated steel, size 25 x 26 cm.

Non-slip shoes on the front section, screwed on the profile for a better hold during the transport.

Item code	Number of steps*	Platform height	Platform height**	Weight(kg)
239205	5 steps	0m99	3m00	6,0
239206	6 steps	1m20	3m20	6,7
239207	7 steps	1m41	3m40	7,8
239208	8 steps	1m62	3m60	8,8

* Platform included ** Maximum working height given as rough guide.

European standard **NF EN 131**.
